

CIGNA HEALTHCARE TO LAUNCH DIGITAL PROVIDER NEWSROOM IN 2024

For Health Care Providers December 2023

In early 2024, Cigna Healthcare will launch a web-based Provider Newsroom for health care providers. It will offer intuitive navigation with 24/7 access to timely updates that are important to your practice.

The newsroom will give you a single source of news for many of our lines of business, including commercial medical, Medicare Advantage, and behavioral health. In addition, it will replace existing newsletters for each of these areas, including *Network News*, *Network Insider*, and *Transformations*, respectively.

In the newsroom, you will find up-to-date information on a variety of topics impacting your practice, such as:

- Policy updates
- Health plan and network updates
- Digital tools and trainings
- Industry news
- And more

You will continue to access the Cigna for Health Care Professionals website (CignaforHCP.com) for routine day-to-day business processes, including checking benefits and eligibility, requesting claim reconsideration, and enrolling in and managing electronic funds transfer.

Watch for updates

We will continue to send you emails with additional information about the digital Provider Newsroom, how to access it, when it will launch, and more.
